Women's skills programme	9

Indicator 17.4.3

The university as a body have dedicated outreach educational activities for the wider community, which could include alumni, local residents, and displaced people.

Evidence scope

Amity University Maharashtra delivered dedicated educational activities for local residents and school learners during 2025. The three examples below document preventive-health education, introductory language teaching and hands-on digital-design exposure.

Bhatan community health education

Item	Recorded detail
Activity	World Pharmacist Day Celebration and Community Health Checkup Camp
Date	25 September 2025
organizer	Amity Institute of Pharmacy with E-Cell
Venue	Gram Panchayat Office, near Hanuman Mandir, Bhatan Village
Beneficiaries	120 comprising 90 villagers and 30 schoolchildren
Coordination	Ms. Neha Raghuwanshi; Dr. Vrushali Bhalchim

Dedicated educational outreach

Amity Institute of Pharmacy took preventive-health education into Bhatan Village as part of Innovation Week. First-year B.Pharm students used a street play to explain rational medicine use, risks of self-medication and lifestyle management. Individual counselling accompanied the health screening, making education an explicit part of the activity rather than an incidental benefit of a health camp.

Content for community learners

All 120 participants were individually counselled. Residents with abnormal readings were advised to seek follow-up care; children received interactive counselling on nutrition, hygiene and lifestyle habits. The report records counselling for identified pre-diabetes and hypertension cases. It explicitly aligns the activity with SDG 3.

Documented outcome

The activity delivered screening, understandable health messages and personalized counselling for local residents and children. .

Spanish teaching at Bhatan school

Item	Recorded detail
Activity	Spanish Language Introductory Workshop
Date	27 March 2025
Organiser	Spanish Department, Amity School of Languages
Host	Sudhagad Education Society Pali's Madhyamik Vidyalaya, Bhatan
Participation	52 reported for the activity; school-only headcount not separated
Coordination	Mr. Rawal Kharat; Ms. Khushali Gosar; Prof. Dr. Manjiree Vaidya

Dedicated educational outreach

Amity School of Languages delivered the workshop at a nearby school under its Organizational Social Responsibility initiative. Faculty and advanced Spanish students brought language learning to school pupils outside Amity University Maharashtra. The school principal and teachers also attended.

Teaching content and method

Mr. Rawal Kharat introduced basic Spanish words and explained their use through posters and activities. University students volunteered and offered training. The workshop covered simple conversation, Spanish culture and traditions, the importance of foreign-language learning and related career opportunities.

SDG relevance and outcome

The activity widened access to learning and cultural awareness, relevant to SDG 4. Participating school students learned basic Spanish conversation by the end of the session.

Fashion technology for visiting school pupils

Item	Recorded detail
Activity	The Future is Fashion-Tech: How AR and VR Are Transforming Fashion Retail
Date	24 November 2025
Organiser	Amity School of Fashion Technology with the Mumbai Marketing Team
Venue	CAD Lab, A2 Building, AUM
Visiting learners	29 school students reported from Gold Crest School, Vashi; teachers also attended
Faculty resource person	Ms. Rashmi Thakur, Assistant Professor

Dedicated educational outreach

Amity School of Fashion Technology hosted a lab-based inbound outreach activity for learners from Gold Crest School, Vashi. The format allowed visiting pupils to interact with university digital-design facilities and faculty expertise.

Teaching content and method

Ms. Rashmi Thakur explained applications of augmented reality, virtual reality and CAD in fashion design and retail. Demonstrations introduced virtual try-on, virtual showrooms, interactive shopping and digital design workflows. Pupils were exposed to career paths combining design and technology.

SDG relevance and limits

The educational relevance is SDG 4 through access to emerging technical and vocational learning.

Women's skills programme

Item	Recorded detail
Activity	Inauguration of the fifth Community Outreach Initiative
Date	3 September 2024
organizer	Amity School of Fashion Technology with IQAC
Venue	Community Outreach Centre, Rooms 403 and 405, A2 Block, AUM
Community participants	35 women from nearby villages; ASFT students also attended
Coordination	Ms. Priya Mittal Govil; Prof. Dr. Bhawana Chanana

Community learning programme

The launch introduced a 16-week certified skills programme covering bag making, tie and dye, block and stencil printing, and yarn craft. The intended community learners were women from nearby villages, with practical skills and potential entrepreneurial opportunities forming the programme's purpose.

Institutional and community participation

The source names Rotary Club of Smart City Navi Mumbai representatives Jay Karia, Prasad Doiphode and Rafiq Momin, village representative Ms. Aaruna Ganesh Gatade, and Param Foundation in the collaboration narrative. The event saw participation from 35 local women.

SDG relevance and reporting period

The programme connects community access to skills with women's empowerment and livelihoods, relevant to SDGs 4, 5 and 8..
